Registration Opens For
July Jamboree—In 1964

Plans are being made for a contingent of 40 to represent the Cahokia Mound Council, Boy Scouts of America, at the 1964 national jamboree, and Council President G. H. Sternberg has appointed Howard Kaseberg as the council jamboree chairman. While the July 17-23, 1964, session is still far off, preliminary applications are being accepted along with \$25 registration fees at the council office in Granite City.

Preliminary registration does not guarantee that the applicant will be able to attend the jamboree, but it will hold a place for that individual until Sept. 1, 1963, when the council will lift its current limitation of one boy from a unit.

The national jamboree, sixth of its type to be held, is planned for the Valley Forge, Pa. State Park. The local council has been allocated one troop consisting of 37 boys and three adult leaders.

1964 Wheat Allotment Applications Due June 30
Edwin C. Reithmeier of the Madison ASC Committee announced today that applications for 1964 new wheat farm allotments must be filed with the county office on or before June 30.

Reithmeier explained that although marketing quotas will not be applicable for 1964 crop wheat, farm allotments remain in effect for price support purposes. Producers on farms with no 1964 wheat allotment interested in obtaining price support for wheat next year may request that an allotment be established for their farm. Application forms are available in the county office.

(Continued from Page 1.)

he said, but as it is, some legal maneuvering would be required. Marras said the resident told him that 35 or 40 home owners definitely are interested in entering the city, and noted that nice homes are being erected in East Madison.

Highway Markings
The mayor complained that none of the new interstate highways, particularly Interstate Route 70 near East St. Louis, have directional signs listing the name of and pointing to Madison.

The signs read "Granite City," he said, but the entire Quad-City area, including Venice, should be listed, he added.

The state is not required to do this, he added, but the state division engineer at French Village has the matter under consideration.

Madison Avenue Maintenance
The council approved a two-year agreement with the state highway division on city maintenance of Madison Avenue, Illinois

Route Three, in which the state will pay the city \$500 a year. An option to renew is stipulated in the agreement.

Marras said the compensation is insufficient but that the city is unable to do anything more about it.

Pump Station Nearly Ready
The mayor also noted that the new pumping station should be completed by Saturday, and plans for the contract and work on extension of a storm sewer from Eighth to 14th streets on Washington avenue should proceed on schedule.

Re-paving of Washington avenue and Market streets may be included in the contract, he said. A request to have new street lights installed by Illinois Power Co. on Jefferson and Jackson streets between Second and Third streets in West Madison was approved.

The council heard a report prepared by Harry Johnson, chief defense director, on the June 8 CD exercise, which was called the most successful in five years. He particularly remarked on new radio equipment purchased by the city and successful communications between a mobile radio unit located at the Madison recreation center and a Hospital.

and professor of educational psychology at New York University for 10 years before coming to SIU in 1959. They are the first two faculty members to be honored in this way at the campus.

Following the commencement of the June and August graduating class and their families given by SIU President and Mrs. Delyte W. Morris and the faculty. It will take place in the commencement site area.

In case of rain the exercises will be held at 8 p.m. in the Edwardsville junior high school gym.

The university advised against using routes requiring travel on State Route 157 as it has been closed to traffic from Sunset Hill to the intersection of Highway 162 at Peter's Station to permit construction work on new Interstate 270. Local roads may use By-Pass 66 through Mitchell.

The graduates were to be honored today at the Morris home and Gov. and Mrs. Kerner were scheduled to attend groundbreaking ceremonies for Southern's new \$10,500,000 University Park residence hall complex this afternoon.

In case of rain, the exercises will be switched from McAndrew stadium to the university center ballroom and various auditoriums on campus, connected by a television hookup.

The ceremonies are to be televised and broadcast by university radio and TV stations. The Southern Illinois Symphony Orchestra, conducted by Warren van Bronkhorst, will present a pre-commencement concert.

After conferring degrees, Morris will present faculty service awards to seven members of Southern's teaching staff.

ANNUAL CLUB MOTHER-DAUGHTER BANQUET

The annual mother-and-daughter banquet of the Third Wednesday club was held Tuesday evening at the Cowshed restaurant. This marked the eighth year in which the members have invited their mothers or other guests to the banquet.

The tables were decorated with fresh flowers, and miniature flower baskets holding bottles of cologne were used as favors at each place setting. Dinner was served by candlelight to Mrs. Tanaka McGrian and her mother, Mrs. Mary Tsonetti; Mrs. Irene Gavlick and mother, Mrs. Anna Urban, and sisters, Mrs. Frances Janik and Mrs. Dorothy Serwacki; Mrs. Delores McElroy and mother, Mrs. Edith Collins, and sister, Mrs. Dorothy Taylor; Mrs. Ruth Polson and daughter, Nancy Jo, and mother, Mrs. Ida Dant; Mrs. Joan Brewer and sister, Mrs. Pat Niehaus; Mrs. Jackie Riley; Mrs. Eleanor Harlow and guest, Mrs. Nancy Birtley; Mrs. Audrey Nagay and sister, Mrs. Charles Gott; and her daughter, Miss Constance, and Mrs. Lavette Stephens and mother, Mrs. Ella Odum.

The remainder of the evening was spent playing games with a number of prizes awarded. The family picnic will be held July 21 at Dan's farm, Edwardsville, with each member inviting members of her family to attend.

REBEKAHS PLAN JOINT MEMORIAL SERVICES

Twelve members of Delray Rebekeh Lodge 788 met Tuesday evening at the Odd Fellows hall, 1028 Third street, for a scheduled meeting. Mrs. June Mowery, noble grand, presided over a short business period at which time plans were completed for joint memorial services which are to include the Rebekeh lodge members and members of the Odd Fellows lodge.

The meeting is to be held June 20 at the hall, with the public being invited. Charles Veach, vice-grand of the Rebekeh, will be in charge of the program for her lodge.

GC Assessor Cruise

Continues Conferences

Property owners from all sections of "old" Granite City (south and west of Namoki road) are being invited to discuss new real estate property valuations set by Township Tax Assessor Von Dec Cruise.

Cruise has announced he is willing to go over the new values set this year in the quadrennial assessment and make needed adjustments before the figures are entered officially in the tax books.

Where necessary he is having property re-appraised. The assessor is holding the conferences daily at his office, 1004a Delmar avenue, from 9 a.m. to 5 p.m. Monday through Friday and on Tuesday and Thursday evenings, starting at 7 o'clock. Most property owners are favoring the evening sessions. However, the assessor will not be at his office next Monday. He is planning to attend a county tax problems meeting to be conducted in an all-day session by Northwestern Illinois University at the Sunset Hill Holiday Inn. The dates for assessment sessions with Namoki area residents will be announced in the near future.

BOY SCOUTS OF TROOP 99, sponsored by Central Christian Church, who received their God and Country Awards Sunday morning. They are, left to right—Tom Green, Martin Aerne, Rev. James F. Craddock, who made the presentations; Scoutmaster Dave Parish, Kenneth Stetzer and Andy Berkgibler.

To open the ceremony the scouts presented the colors and were then given the awards from Rev. James F. Craddock. He then gave a summary of the requirements for these badges which included one year working in the church and with the Scoutmaster learning the duties required in the church to further Christian work.

At the close of the ceremony the scouts gave the Boy Scout Promise and Laws led by James Townsend.

get new industry into the area, and added that the Granite City Harbor will provide facilities to unload a barge in 30 minutes, compared to the present six to 30 hours.

"Going Forward"
"Everything is going forward and is in good shape," Barron said of the Port Authority's activities.

He said the Authority is currently working with several national firms interested in the facilities. "We're not assuming they'll build, but nothing at this point is discouraging."

Barron said industrial investments in the Tri-City Port area could amount to \$35 to \$40 million dollars and result in employment for 2000 to 3000 persons.

Carl A. Ranft, chairman of the Port Board who presided at the meeting arranged by the Tri-Cities Chamber of Commerce, was equally optimistic.

The purpose of the meeting was not only to report on the Tri-City Port Authority, but also to provide expert views on the advantages of the best use of water transportation.

Miller pointed out that Illinois has become the second most important export state in the nation in the manufactured product classification, and could be first if agricultural products were included.

Foreign Shippers Interested
He said European shippers are enthusiastic over the inland waterways of the U.S. and now are beginning to take advantage of the facilities, which have single rail and truck connections in Chicago and available at the Tri-City Port.

He and the other speakers of the Chicago Association of Commerce and Industry, Frank C. Rathje Jr. and Gerald E. Franzen, gave details on the services, facilities and operation of the Chicago Port.

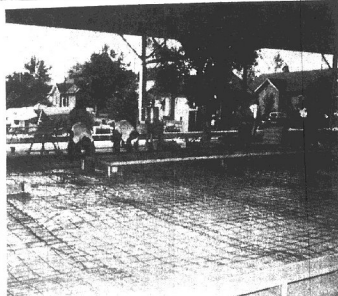

They asked shippers and the industrial traffic managers to consider overseas shipments through the Chicago Port and to study the rates from the east angle.

All three Chicagoans said they were looking forward to the development of the Tri-City Port to increase shipments by water. The importance of cutting transportation cost also was stressed. It was pointed out that \$1 out of every \$5 spent by a U.S. citizen was for transportation, and that transportation costs to the manufacturer were third in line, behind materials and labor.

Barron told the group the Chicago Port manager, Maxim Cohen, who was unable to attend the meeting, had aided greatly in the planning of the Granite City harbor. "We've profited here by your experiences," he told the Chicagoans.

The local port manager assured the shippers and traffic managers that the Tri-City Port would materialize and become a top-flight facility with adequate rail and truck connections.

ail facilities or toward such a program of renovation of the present plant that the defects can be eliminated.

"The ministers found the 100-year-old building has deteriorated badly with cracked floors and walls, defective plumbing and wiring."

"The kitchen ceiling has been damaged due to deliberate clogging of drains in showers in second floor cells. The food supply for the jail is stored in a basement which has a dirt floor."

The ministers were informed there was no place in the county jail for private counseling with prisoners. They were told even the sheriff must take persons to his office in the courthouse for private talks.

Also there are no provisions for recreation or equipment for physical exercise.

"In short," the ministers noted, "the Madison county jail has facilities for only one thing—confinement."

III. Churches Call For Halt Of Racial Hatred

A resolution calling for all church members in Illinois to promote Christian brotherhood and eliminate racial hatred and

violence was adopted yesterday at Springfield by the Illinois Council of Churches. The session for all major Protestant denominations in the state was attended by Rev. Robert Baumann, pastor of St. Peter's R. Church.

The resolution states: "Whereas our nation has come to a moral crisis of unparalleled importance, and America's image abroad and at home has been tarnished by racial hatred and violence to a greater degree than at any other time during the last hundred years, and Whereas the just demands of our Negro citizens for a full and

complete participation in our American way of life is the result of the religious and ethical teachings in our great Judeo-Christian heritage, and Whereas the further develop-

ment of our democratic heritage in the United States must not be hindered by perpetuating the problem of brutality and murder, and Whereas many of our fellow Christians are suffering and some are even dying without the aid of their churches, and Whereas we recognize that our church members to present a clear and prophetic witness to Christian brotherhood and justice both by word of mouth and firm personal attitude and action,

"Through conversation, telephoning, sending telegrams and the writing of letters let us be sure that our public officials know where we stand in these days of historic crisis. Let us learn anew the principle of the Cross in which one voluntarily takes upon himself a great and just cause as represented in the movement headed by Martin Luther King which accepts the consequences of persecution and even death without returning evil for evil, hate with hate. In the power of the victorious Christ let us bear a clear and effective witness to the overcoming of evil with good and hate with love."

C. of C. To Seek Location Of Regional Industrial Development Office In Area

A bid for the location of a regional office of the state's industrial development department in the Quad-Cities or for new management personnel arriving at plants and businesses already here.

The state economic board is planning seven such regional offices, and a committee of C. of C. members is to be named by President Chester L. Baker to confer with state officials on locating an office in this industrialized area.

Announcement of the state's proposal was made by C. E. Townsend, chairman of the committee, during Monday evening's meeting of the C. of C. board of directors. A special committee was approved by the 16 directors who were in attendance for a dinner session at the Rose Bowl.

Prospect For Madison
Townsend also reported his committee was working on industrial prospects for the building formerly occupied by Madison Packing Co. He pointed out benefits for the area resulting from Labor Columnist Victor Riesel's recent article outlining the 10-point program which improved labor-management relations in the Quad-Cities and southern Illinois.

A subcommittee, headed by H. D. Karandeff, has prepared a pamphlet to be distributed to manufacturers giving the Quad-Cities resources and services available. A mailing list also is to be prepared.

A welcoming committee is to be organized to welcome the management of any new industries or businesses being established in the Quad-Cities or for new management personnel arriving at plants and businesses already here.

Five New Members
Announcement was made that five new C. of C. members have been signed. They are: Everett Wooley as representative; Dr. Robert M. Lay, Dr. M. Gerard Bagon, Byron's Bookkeeping Service with Byron B. Glasgow as representative, and Franklin store at Bollemer Village shopping center, with A. Harry Holstein as representative.

A series of three business meetings is being planned for July 1-3, 1963. The first meeting will be for the Agriculture committee headed by Howard Kaseberg. The meetings will be for a discussion of Quad-City community problems and to develop teaming between farmers and businessmen.

The committee also is making plans for the annual Business Industry-Agriculture meeting to be held in September.

Rush In General Assembly
G. W. Hoescher, chairman of the State Legislative committee, reported the rush to under way at Springfield where the General Assembly is to end its session in less than three weeks on June 30.

He said nearly 2000 bills have been introduced during the current session, and that Quad-Cityans interested in any new legislation under consideration should either telephone on weekdays, Lloyd Harris, Leland Kennedy and Ralph Smith and Sen. Paul Simon at Springfield or contact them at their homes on the weekends.

Hoescher said it would be impossible to give a rundown on all legislation that is pending. Also the chairman of the C. of C. Sevier & Drainage committee, Hoescher reported his committee and also the Citizens Sevier & Drainage committee have advised the city they are willing to aid the council in its ongoing program to develop a sewage treatment plant.

The Congressional Action report was given by Chairman Samuel Meyer, who said his group is sending letters to C. of C. members advising them of the status of federal legislation involving tax revisions and equal pay for women bills.

In the newsletter, he also is quoted as saying, "Real Truth about the Federal Budget." The newsletter is being used to write congressmen advising them of their stand on pending federal legislation.

Final reports were given on last week's "play day" program and this week's post information program.

Reply Expected On Teacher Suit To Retain Post

A court reply is expected to be filed by the Granite City school district in the non-tenure case as a result of a suit filed this week by Harry Edward Wade, 3128 Ash avenue, Webster school fifth grade teacher not rehired for next year.

Wade, a non-tenure teacher, relates in the circuit court suit that the school district has decided not to renew his contract in 1963-64 and says that the decision does not comply with state laws.

The suit, prepared by Attorney Burton C. Bernard, says the school district sent Wade March 28, 1963, discontinuing his employment after June 7, last day of the 1962-63 term.

Grade School Requirements
It quotes the letter as stating: "The reason for termination of your employment is that you present certificate does not meet the requirements of the school law." The letter asks that you present position."

His suit contends that Wade was issued a state teacher certificate Nov. 22, 1962, and that the certificate has been in the possession of Superintendent Harold M. Kaiser from shortly after that date until April.

The letter says that Wade does not know the reason for his dismissal, and asks that the court issue a declaratory judgment outlining his legal rights, rule whether the notice of dismissal was sufficient, and determine his tenure or non-tenure status.

Board Meeting Next Week
Dr. Kaiser is out-of-town this week in regard to federal requirements on "impact" financial aid received by Granite City schools. Next meeting of the school board is set for 7:30 p.m. Tuesday, June 18, when the agenda will be the same as that originally scheduled for this week.

The meeting was postponed from June 11 due to the superintendent's absence. The board earlier had approved all necessary trips to Washington or Chicago on the impact aid. And Dr. Kaiser remained on an "on call" basis, depending on when Congress was ready to hear testimony or comments from school officials.

It was learned at the circuit court that no date has been set for a hearing on Wade's suit. The school district has been served with a summons, requiring a formal answer.

Local National APT Protest
Local and national officials of the American Federation of Teachers have complained about the school district's action in not retaining three teachers. The AFT says that all three were involved in union activities, and questions whether this may have been a factor.

The school district has made no public announcement on the reasons for its action, taking the position that state law provides for administrative recommendations on the adequacy of teachers before they are placed on leave.

Wade holds bachelor and master degrees. He has been employed as a grade school teacher in Granite City for two years and had one year of prior teaching experience when originally hired here.

Notification Deadline
He would have acquired tenure automatically if not notified prior to April 1. The decision not to retain him was made by the school board March 26, based on administrative recommendations.

Six of the seven present board members were endorsed by the AFT when they ran for office. Board members assert privately that any union activity by the three teachers had nothing to do with the discontinuance of their employment.

The present two-year agreement between the school district and AFT Local 743, retroactive to a year ago, was signed March 13 after a long conference in which a strike was voted by the local. No strike occurred, and teachers and other school employees ignored picketing by Teamsters' Local 525 on grass moving jurisdiction June 3.

Covering for the human foot!!! Shoes have changed since Webster walked. For a case in point, take this Airborne cushion shoe by Roblee. It pampers your foot—cradles it in a sponge soft cushion that gives mellow comfort and extra support. You almost feel airborne.
And "cloth uppers"? Not any more! Roblee features only top grained calfskin uppers for matchless appearance as well as fit. Take our word for it, you won't find a better looking shoe for twice the price.
Whatever you do, don't take Webster's word. Come in and look up Roblee's new definition of quality shoes—at a price that's easy to pay.

Card Griddler Speaks To 175 Local Youths

Donald Estes, star football player last year at Louisiana State University who has been drafted by the St. Louis Cardinals, presented demonstrations and a talk on exercises and physical fitness to about 175 boys Tuesday morning at Wilton park.

His demonstrations included weights and isometric contraction. He was assisted by Bob Pyle and Joe Miles, Granite City high school students. The boys were members of three classes on physical fitness taught by Jim Morrison, new football coach at GCIS.

Estes was the Cardinals' fourth-round selection in the most recent National Football League draft. Standing 6 feet 4 inches, and weighing 235 pounds, he is a highly regarded offensive line prospect for the Big Red.

He played three varsity seasons at LSU and participated in the Orange and Cotton Bowl games. He was born in Tomball, Tex., and was a prep star at Evakuhus before coming to LSU. He also performed as a discus thrower on the track team. Estes, his wife and two children now live in Olivette, Mo.

Safe Swimming Rules Set Forth By Red Cross

With the warm weather trend and the opening of swimming pools and warmer water in lakes, the American Red Cross is giving its annual advice on how to stay afloat and alive in the water. The rules not only are for swimmers, but also for water skiers and boating enthusiasts as well.

1. Learn to swim. If you can swim a little, learn to swim better.
2. Always swim with a companion and make sure someone else is nearby in case you need help.
3. Swim in a safe place. The presence of lifeguards usually indicates the area is safe for swimming.
4. Know the area. Before diving, make sure the water is deep enough and that there are no hidden objects or submerged rocks.
5. Don't go beyond safe limits or your own swimming capacity.
6. Wait at least an hour after eating before swimming. Don't swim when overheated or fatigued.
7. Keep calm in case of trouble. Assume a face-up, floating position. Keep your hands under your head and slowly move your hands and feet.
8. If your boat overturns, stay with it. Most small craft will float, even when filled with water.

Hearts Host Collinsville, Mercer Visits Carpenter For Two Inter-City Games

Granite City's two entries in the Inter-City Baseball League can move ahead in their respective divisions in games scheduled Sunday.

Sacred Heart, holding third place with a three-and-four record in the Red division, hosts Collinsville, which had won only two of eight games at the Wilson Park diamond.

Mercer's will be busy with two games at Carpenter starting at 1 p.m. One of the contests is a makeup of a rainout on May 12.

Oille Miller and Dick Portelli's Mercer squad, in third place in the Blue division with a three-and-three record, is a half-game ahead of Carpenter (2-4).

In other games, St. Clair Heating, undefeated in nine games, will lead the Blue division to Maryville; the division cellar dwellers Troy Redbirds and Altwood Flyers will meet at the Foxana high school field, and Pocahontas will visit Moose Lodge No. 4, currently leading the Red division with a four-and-three mark.

DOWNSTATE FISHERMAN'S GUIDE

By C. A. FRAZER

It's early morning, late evening for the successful fisherman in southern Illinois as plus-90 degree temperatures will shimmer and shimmer and their prey into the deeper waters. There's merit in the situation, however, as Crab Orchard bass fishermen report the largemouth have completed their family raising chores and are on the shoals early and late, chasing minnows.

Two-pounders lead the junker parade, one each from Little Grassy and Murphysboro Lakes. A 5 1/2-pounder topped the catch report at Devil's Kitchen lake, and a 5-pounder was reported at Crab Orchard.

Bluegill continue as top attraction for young and old, at all the southern Illinois lakes both for the cast poles and the fly rod anglers with their popping bugs and wet flies. Several ranging up to a pound have been proudly displayed, topped by the pound, 3 ounce bluegill caught by a Southern Illinois lake fisher.

Crappie fishing has been generally good, except for the Drenn, being a total take of 304 by W. G. McDaniel of Carbondale in two days of fishing at Little Grassy.

Phenomenon of the 13-year cicada hatch has been the number of small catfish caught by fly-casters on popping bugs at Devil's Kitchen lake. Clive Skelcher at the boat dock reeled the catfish as well as usual surface feeders have been taken to the top by the large number of insects in the water.

Crab Orchard has fishermen been tallying, Irvin Peithman, who predicted a June 10 starting date, caught four Saturday evening and took the writer out to the flats bordering the old creek channel Sunday morning to boat 11 small ones, losing as many more in the process. All were caught on Bombers.

The water level has been raised, making for more comfortable fishing in the brush-filled Cache Outfit, according to Cairo vicinity fishermen. Southern Horseshoe Lake continues in the top level as for crappie are concerned, however roaches and crickets yield medium-sized bluegills and troutlines are producing numerous bullheads.

George Moran of Mound City caught 76 bluegill.

Elsewhere in southern Illinois: DEVILS KITCHEN LAKE — A. S. Carpenter of Quincy and William Lamert of Freeburg brought in limit strings of bass two days in a row, topped by Lips's 3 1/2 pounder. Lips used a Bassmaster plug while Lamert used a Larry Ike and a red plastic worm. Everyone caught bluegill.

problems and be a start toward a separated sewer system.

Moerlen said the system was only under study at this time. He was advised that any three aldermen could call a special session of the council. In the event the committee was prepared to submit its recommendations before the June 21 deadline for action, set by the State Sanitary Water Board.

Moerlen said it was unlikely the committee would have its recommendations ready for next Monday's regular council session.

Gathering Budget Data

Paul Rutledge, Finance Committee chairman, said his group was off to a slow start, primarily because two of the members were busy serving on the Pollution Study committee. However, data is being gathered by department heads for an initial presentation in the near future.

Personnel Committee Chairman Donald Partney, who was named to preside at the May 20 meeting in the absence of Mayor Davis, reported initial meetings with city employee union officers were continuing with salary talks.

John C. Gitchoff, former city attorney who was hired to handle a lawsuit against the city resulting from power back-ups into Nankem area basements, conferred with the chairman briefly. The suit is due to be heard in the circuit court at Edwardsville on Monday.

For the unofficial chairman meeting were Partney, Rutledge, Sternberg, Mrs. Bettie Johnson, Mosher, Skubish, Whittier, Basarich, Bergfeld, McKee, Thompson, Street, Ward, and Controller John Doherty, Building Inspector Carl Boonbright and City Atty. George Filcott Jr.

Speedboat Races Sunday Will Draw Seventy-Five Midwestern Pilots

The Bow-Line Boat Club and the Granite City Kiwanis Club are co-sponsoring the third annual National Outboard Drivers Association boat races on Sunday beginning at 11 a.m.

The races, which will attract speedboat pilots from several Midwestern states, will be held on the Mississippi river just north of the mouth of the Hartford canal.

Tickets may be purchased from Granite City Kiwanis Club members, at the Bow-Line Boat Club, which is on the Mississippi river near the site of the boat races, or at the gate. A \$1 ticket will admit two adults. The admission price for children from 12 to 16 years of age is 25 cents, and children under 12 will be admitted free.

There will be 10 separate races—five classes of hydroplanes and five classes of runabouts. Seventy-five drivers will compete, including Ersten Johnson of St. Louis, Q. S. Carpenter of Quincy, Ill.; Ken Nicholson, John Doreh and John Woods, all from St. Louis; Bob and Bill McFarlane, Paul Bogosian and Bill Barton, all of Granite City.

Twenty-two-year-old Bill Seebold, a Granite City speedboat pilot who has won prizes in boat races all over the country, will not be able to compete in the races Sunday because he leaves to join the U. S. Army Saturday.

Each race will cover a distance of five laps, with each lap being a mile long. Drivers will be competing for \$500 in prizes. Prizes will be awarded for first, second, third and fourth places in each race. First place will bring about \$13, second place about \$10, third place about \$7 and fourth place about \$5.

The Bow-Line Boat Club will sponsor a parade Saturday as part of the publicity campaign for the races. The parade will begin in Venice at 1 p.m., will pass through Madison and downtown Granite City, and will end at the Belleme Village shopping center.

The heads of the two organizations co-sponsoring the races are Ed Schneider, commodore of the boat club, and Eugene Frey, president of the Granite City Kiwanis Club.

The Kiwanis will use their share of proceeds from the races for youth work, and the boat club will use its share to improve boating facilities in the area.

PADDLERS SWIMMING TEAM hopefuls, among 75 aspirants so far this year, get a workout from Coach Bill Kinder in preparation for the season's opening meet next month with Dorchester of Belleville. In the water are, from left, Patty Parker, John Evenden, Cookie Barker and Kelly Hagan.

Credit Union, Rome & Roy's Win Classic League Games

Granite City Steel Credit Union went 10 innings to trip Madison Bowl 4-3, and Rome & Roy's downed the G. C. Oilers 4-3 Tuesday night in Classic Softball League play at Wilson Park.

In exhibition play Tuesday and Wednesday night, Credit Union lost two games to the Southern Illinois Athletic Club 3-0 and 4-2.

Credit Union scored its winning run in league play when Jack James, who had forced Jim Connell, scored on a sacrifice fly. It was Credit Union's second win in four games and left Madison Bowl with a one-and-a-half mark, three of the losses by one run.

The winners opened the scoring in the first inning when Glen Sprinkle, who was safe on an error, came around on a single by Fred Cavin. Madison Bowl came back in the second as Rich Buer, who forced Bill Curry, and Bill Davidson scored as Red Schmidt produced.

The game was tied in the third on two hits and an error with John Draper crossing the plate. Madison Bowl took the lead again as Bob Kraus, who had singled, crossed the plate on a triple by Frank Laub. Credit Union sent the game into overtime in the last of the seven when, with one out, Harold Tankley tripped and scored on a sacrifice fly by Sprinkle.

Batteries were Carroll Ellison and Allen for the Credit Union and Evans Mank and Kraus for Madison Bowl.

In the other game, the Oilers nearly tied it in the last of the seventh as Bob Kerner, Jerry McCann and Duane Goodie opened with successive singles, good for two runs, off hurler Jim Williams.

But Rome & Roy's lead proved to be sufficient. Rich Patterson, who was safe on an error to open the game, scored on a double by Lyle Howell. The Oilers run came in the third when Dave Wilson singled, stole second, advanced on a sacrifice fly by Howell and scored on a wild pitch. Howell, who had forced Dave Wilson and Wimp Wilson, who doubled, added two more in the fifth frame, with Wimp Wilson crossing the plate on another wild pitch.

The Oilers scored their initial run in the fourth when Tom Feeney, who had walked, crossed

Nameoki Board Pays Deputies; To Survey Line

Payments for two deputy assessors, submitted by Township Assessor Joseph Cohen, were approved Monday night by the Nameoki town board of auditors who also authorized land surveys to settle a Nameoki-Venice township boundary question.

The deputy assessors were Clarence Coggin, who received \$558 for office work and assessing real and personal property March 1 to May 14, and Joan Mase, who received \$414 for assessing work from April 8 to May 14.

The deputies are paid \$12 a day for office work and \$18 a day for field work.

The boundary line question involves several lots in the Nameoki Park area. Supervisor Harry Briggs said he was advised by County Clerk Mike Eulalia that he had the lots surveyed to determine whether they are in Nameoki or Venice township.

The board authorized H. M. Lochner & Co. to make the survey.

Briggs also announced a hearing is set for June 21 in the circuit court in Belleville on a dispossal motion filed by several railroads in the suit by the township against the East Side Levee.

The township is endeavoring to have the levee district from issuing general obligation bonds without a referendum declared to be unconstitutional.

The township contends it must have a sanitary sewer system, and that the state law would work a hardship because St. Clair county residents would vote against a project in Madison county.

The town board's next meeting is set for 7 p.m. June 24.

Secretaries Aid Fund Campaign

Members of the Tri-Cities Chapter of the National Secretaries Association are lending a helping hand to the campaign to finance a \$3,500,000 building and expansion program for St. Louis Children's Hospital.

The hospital's building plans call for the addition of a five-story wing adjacent to the present building at South Kingshighway.

This will house new research and teaching facilities. The hospital, founded in 1879, has a three-fold objective: to treat sick children, train child specialists and conduct research into the causes and cures of diseases of childhood.

Like some real fast service? ... Just order meatball!
We certainly will play ball with you! Our butchers are not in the habit of delivering this kind of service, but if we have any customers who like their meat balls delivered in this manner, we will even furnish the gloves! Although most of our supermarkets have self-service meat departments, we are more than happy to cut any special size or type of meat, if you cannot find it in our cases. Our meat is 100% guaranteed, so if you have any complaint, we'll gladly refund your money. Don't forget to purchase some of that delicious C. W. Quality Beef while visiting our meat departments. So, bring out your team to your nearest Tri-City Groc. Co. meat diamond, and see how much fun it can be. We figure prices as close on our meats, and we have to sell the cowhide for baseball covers, and occasionally can the hog's "assault."

Much Waving, Even Sobbing, As Beloit 'Y' Choir Leaves

There was much hand-waving, quite a bit of shouting and finger-pointing and even a few tears were shed in the parking lot of the First Granite City National Bank Wednesday morning as the 108-boy Beloit, Wis. YMCA Boys' Choir boarded three buses and headed for St. Louis to be featured performers at the Rotary International convention.

All 103 of the boys, between the ages of 9 and 12 (except for two 14-year-olds whose voices haven't yet begun to mature), had stayed in Granite City the night before with area families. From 60 to 75 Granite City families had taken in one, two or three of the boys for the night, and many of the mothers of the host families had become so attached to the boys that they hated to see them go.

It was a scene of confusion as members of the host families bid farewell to their overnight guests. Several mothers could be seen pointing out boys as they boarded the buses. "See that one there, that's 'my' boy," they'd say as "their" boys boarded the buses.

Over 1000 GC Students Begin Summer Classes

More than 1000 students enrolled in summer classes which began this week in the Granite City school district.

Registration figures today showed 451 students in the high school summer session, 444 so far in junior high and high school band programs, 60 in elementary remedial instruction and 84 in driver training at the high school.

Enrollment began Monday with classes opening Tuesday. About 20 more hand students are expected to enroll later this week, boosting total summer school participation past the 1000 mark.

Classes generally are limited to the morning hours, with band pupils reporting at various times during the morning and afternoon. GCSS students were permitted to take one or two courses, and the 451 signed up for 757 courses, indicating that over two-thirds took the maximum number.

Summer instruction, which on a tuition basis, will continue until July 19 for grade school and band students and until July 26 for high school students.

Old Coalburners To Chug To Beardtown

Lovers of the old steam-powered locomotives will have a chance to ride on one June 29 or 30.

Steam-powered passenger trains will run on the Burlington Railroad between St. Louis and Beardtown, Ill., on these two days. Stops are scheduled at Granite City and East Alton. The trips are sponsored by the Illinois Railroad Club.

One round trip will be made each day. Each locomotive will pull air-conditioned coaches, refreshment car and an open gondola car, the latter for the benefit of photographers.

On both days the trains will leave St. Louis at 8:30 a.m., will arrive in Granite City at 8:30 a.m., East Alton at 9:30 a.m. and will reach Beardtown about 12:45 p.m. The trains are scheduled to arrive back in Granite City at 5:50 p.m.

Adult excursion fare will be \$7.50, and for children from 5 to 12 years old \$4.00. Children under five will be admitted free.

Area Shriners To Take Youngsters To Circus

The Tri-City Shrine Club will treat 120 area youngsters to a day at the circus Sunday.

Forty youngsters from Venice, 40 from Madison and 40 from Maryville Children's Home will gather at Madison city hall Sunday at 12:30 p.m. They will then travel by station wagon and bus to St. Louis where they will attend the afternoon matinee performance of the Shrine's annual circus.

No Hail Or Wind Damage In Area Monday Evening

No damage was reported in the Quad-Cities from Monday evening's rain, wind and hail. The rain gauge at the Chair of Rocks canal locks measured .67 inch.

That is the total amount of rainfall in the area so far this month. However, a trace (less than a hundredth of an inch) was recorded this morning. Over an inch of rain fell Monday in the Alton and Edwardsville areas.

GED Course Offered, Will Start Next Week

General Educational Development instruction—which can lead to the State Certificate of Equivalency—will be offered at Granite City high school June 17 through Aug. 5 on a two-night-a-week basis.

The certificate, signifying knowledge equivalent to that of high school education, is obtained through tests given under auspices of the county superintendent of schools, William R. Frimpe. The course to be conducted here this summer is designed to enable individuals to pass the tests.

Registration is being taken between 8 a.m. and noon and between 1 p.m. and 4 p.m. daily at the adult education office, GCSS Room 147. Enrollment also will be accepted at 7 p.m. Monday at Room 130, where the class will meet.

The schedule calls for sessions from 7 p.m. to 10 p.m. each Monday and Wednesday during the seven-week period.

Youth Fined \$200, Loses Driving Privileges

Fines totaling \$200, a 90-day jail sentence and loss of driving privileges for six months were imposed on Charles Ray, 17, of 2504 Denver street, this week.

Ray, who was arrested June 2 also for speeding 80 miles an hour on Madison avenue, was fined \$50 on that count.

Other charges were filed by individual complainants. Ray was fined \$100 on a charge of assault, filed by Special Deputy Sheriff Dennis Nicholas. The fine was suspended for a year's probation.

However, other charges of refusing to obey an officer and disorderly conduct, also filed by Nicholas, resulted in two \$25 fines.

Nicholas attempted to arrest Ray after seeing him damage a parked auto owned by Leonard Jones. The charge of criminal damage to property, filed by Jones, was dismissed when Ray agreed to pay for the damage to his auto, Gasparovic said.

Three Area Sailors Complete Training

Three area servicemen have recently completed six weeks of underway training at Guantanamo Bay, Cuba while serving in the USS aboard the attack aircraft carrier USS Shangri-La.

The men are: John W. Abrams, aviation boatswain's mate third class, son of Mr. and Mrs. Calvin W. Abrams of Madison; Darrell O. Smith, aviation boatswain's mate first class, son of Mr. and Mrs. Ogle Smith of 2613 Cayuga street, Granite City; and Malcolm D. Smith, son of Mrs. Wometta Minks of 2549 Pine street, Granite City.

The training reacquaints the ship's personnel with underway procedures and increases their efficiency. During the training, the crewmembers visited Kingston, Jamaica.

The Shangri-La operates from Mayport, Fla.

as June 11, Louis was still looking for at least 26 more homes to take in boys.

The boys, who had been on a tour in the eastern United States, arrived in Granite City Tuesday. They entertained at First Presbyterian Church, 22nd street and Delmar avenue, Tuesday evening, and were on their way to St. Louis shortly after 8 o'clock Wednesday morning. They were due to sing at the

convention at 10:15 a.m., right after the talk of guest speaker, Mayor Willie Brandt of West Berlin.

Returning To Beloit
After leaving St. Louis, the boys headed back to Beloit where they will have just enough time to grab a bite to eat and change clothes before heading for Madison, Wis., where they will sing Thursday evening at a convention of the American Fed-

eration of Women's Clubs.

The boys' tour of the east had already taken them to Washington, D.C., Pittsburgh, Lancaster, Philadelphia and Mt. Lebanon, Pa., and New York City. The choir travels in three large buses along with an equipment truck which carries costumes and portable steps. "These boys are equipped to give a concert anywhere," said Louis. Twelve adults, including the choir di-

rector, William L. Schofer, Sor-son and parents of some of the boys acting as chaperones, accompany the boys on their travels.

They are a very well-behaved group of youngsters, said Louis. A few words from Sorenson and they snap into line like a spit and polish military unit.

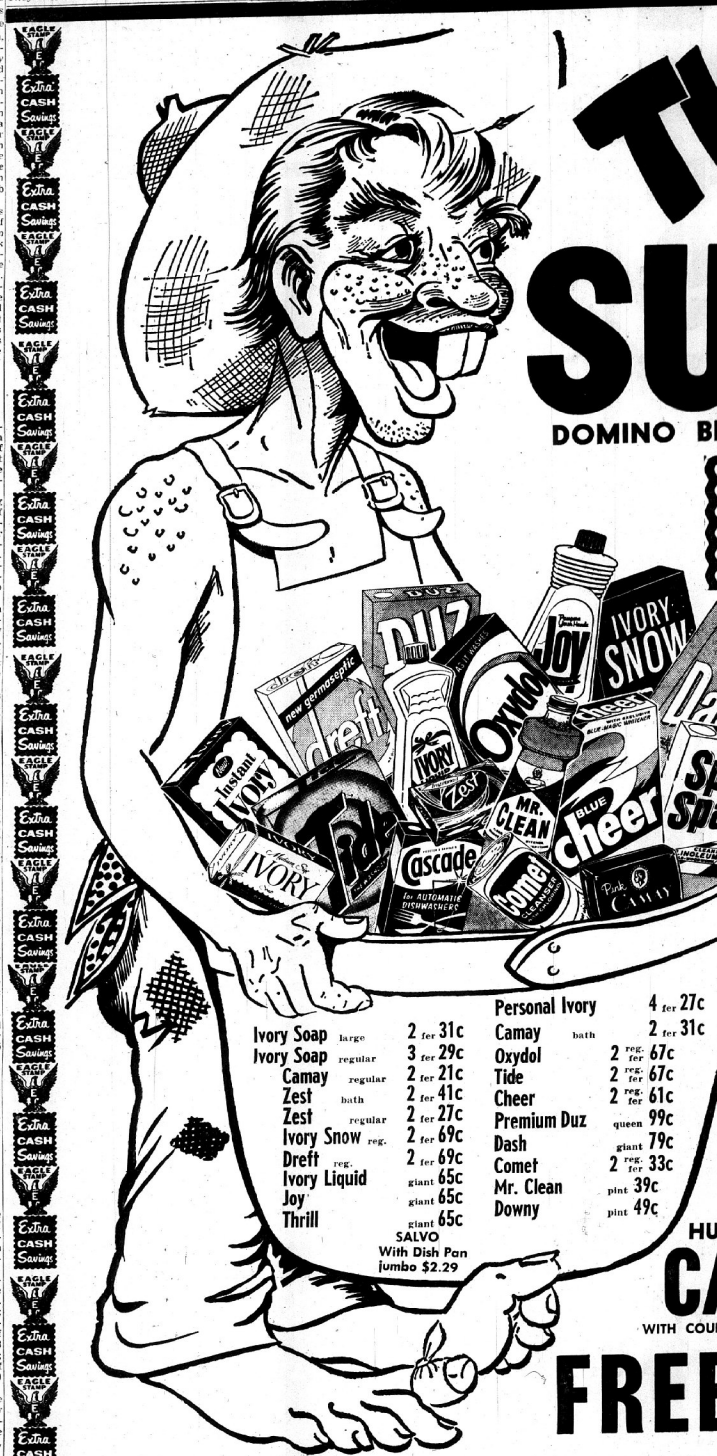

Sing For 11,000 Rotarians
About 11,000 Rotarians were on hand at Kiel Auditorium in

St. Louis to hear the boys sing in costume and the remainder in the boys' West Point style uniforms. Most of the numbers sung in St. Louis were also sung at First Presbyterian Church Tuesday evening. The program included "Stout Hearted Men," "You'll Never Walk Alone," "I'll Work for the Silver Lining," "Over the Rainbow," "This Is My Country," "I Love a Parade,"

"It's A Big, Wide Wonderful World," "The Happy Wanderer," "Old King Cole," "Old Mother Hubbard," "Patriotic Fantasy," "Jubilate Deo" and songs from "The Sound of Music."

The choir was organized only two years ago by William Schofer, the director.

Jim Louis said that he wished to thank all those Granite City people who were gracious enough to open their homes to the boys.

Mothers Club Installs Officers

The installation of newly-elected officers of the Sacred Heart Mothers Club was held Wednesday evening, with a potluck dinner preceding the meeting.

Mrs. Delores Harlow installed Mrs. Mary Stiver, president; Mrs. Josephine Gipson, vice-

president, Mrs. Shirley Jansen, secretary, and Mrs. Joan Rozicki, treasurer, during the ceremony.

The retiring officers, Mrs. Marge Saitich, Mrs. Mary Stiver, Mrs. Helen Rehmus and Mrs. Martha Saitich, were presented with corsages for the work they had done in the past year.

During the business meeting the club agreed to purchase Cardinal baseball tickets for the

boys who had helped during the three-day picnic. The need for more silver place settings were discussed and it was agreed to purchase more for future use.

Tentative plans were made to have an extension phone installed in the principal's room for use in the fall school sessions.

Mrs. Lorraine Foris was named chairman for the annual fall festival. The co-chairman will be Mrs. Vera Smolar and Mrs. Jo-

seph Motil. Hostesses for this meeting were Mrs. Jen Hellrich and Mrs. Bernice Nolan.

Members of Eagle Aerie 1126 were entertained Wednesday evening at a Fathers' Day banquet given by the Eagles Auxiliary at the Lodge Hall.

The guests were seated at tables decorated with arrangements of summer flowers.

Mrs. Helen Prengel, auxiliary president, welcomed the guests, and the invocation was given by Chaplain Delores Klesh.

Aerie President Wm. Barton introduced Ede Kennedy, who the Aerie members have named "Eagle of the Year." Past president introduced Wm. Wilbert Hemlin, Carl Buehler and St. Clair Shuppert.

Gifts were presented by Mrs. Prengel to Barton as president, Leo Six, oldest father, Lorraine Le Grande, youngest father, and Andrew Gasparovic Jr. largest family.

The dinner was prepared by Mrs. Flo Hillis and Mrs. Mae Amish and served by the Auxiliary. Mrs. Prengel was in charge of decorations.

Miss Shirley Ann Bellovich And Harold Ray Denson Wed

The wedding of Miss Shirley Ann Bellovich, a daughter of Mr. and Mrs. Pete Bellovich, 4338 Route 162, Granite City, and Harold Ray Denson, a son of Mrs. Hazel Denson, 608 Elmwood avenue, Venice, took place Wednesday afternoon at Sacred Heart Roman Catholic Church.

Harriet officiated at the 1 o'clock ceremony before an altar decorated with white flowers and greenery.

The bride's father gave her in marriage. She wore a floor-length gown of white nylon over silk. The fitted bodice of white lace had a scalloped neckline and the long tapered sleeves of lace were adorned with tiny pearls and sequins. The full skirt was designed with a lace panel in the front and back. A tiny pillow of white silk held the fingertip veil in place. She

carried a bouquet of red roses and white carnations. Miss Dorothy Bellovich, sister of the bride, was her only attendant and wore a dress of white lace over blue silk. The rounded neckline was edged with a tiny satin ribbon of blue and white. The back of the dress was enhanced with a tiny hat with a white tip veil in matching color. Her flowers were a white carnation corsage.

Mrs. Bellovich chose for her daughter's wedding a blue shirtwaist dress, and the groom's mother was in a pink shirtwaist dress. Both wore orchid corsages.

Mr. and Mrs. Bellovich entertained guests with a evening reception at their home. The newlyweds will reside in Granite City.

State Capitol NEWS

Water-supply conditions in Illinois will be watched with concern this month because of below normal rainfall during both April and May. William C. Ackermann, chief of the Illinois State Water Survey, said last week.

For nearly one-half of the state including central, eastern, southeastern, and southwestern Illinois, total precipitation for the last two months has been more than three inches below normal, Ackermann said.

The U. S. Weather Bureau 30-day outlook for the month of June is for precipitation to average about four inches or more over the state with temperatures expected to average above normal.

Camping fees will be charged at Rock Cut State Park near Rockford starting June 15. The Illinois Department of Conservation has announced.

A fee of 50 cents per night per camp site is charged at 26 conservation properties throughout the state and funds collected are used to improve camping facilities.

"A total of 10,841 campers registered in Illinois parks in 1952," William T. Lodge, director of conservation, said. "In 1952, the number had increased almost 27 times to 291,556 registered campers."

"Illinois is delinquent in providing camping areas and facilities."

Traffic Death In This Area Every 5½ Days This Spring

With five deaths occurring in May, the Quad-City area's 1963 traffic toll has risen to 18 for the first five months—actually a 60-day span in which there was the fatality on the average of every five and a half days.

First auto death of the year occurred Feb. 3, with others on Feb. 7 and 15, three on Feb. 25, March 13, 26 and 29, April 7 and 19, and two on April 27.

In 1962, there were five fatalities on May 5 and 8 and three on May 13.

Worst To History

The five tallied in May are the most ever recorded in that month of the year, and the 18 for the January-May period also are the most, compared to 15 in the first five months of 1957 and 14 each in January-May of 1954, 1956 and 1961.

The 18th fatality was not recorded until July or August of three of those years, but the half-year or June 30 toll stood at 20 in 1962, only to see the rate drop sharply, the year ending with 25 fatalities. In 1954, the pace accelerated in August, September, October and December for a record total of 44.

Victims during May 1963 were Miss Marilyn Rye Ritchie, 21, of 1311 Thirteenth street, who lost her life May 5 when the motorcycle on which she was a passenger collided with an auto at Third street and McCannbridge avenue; Sandra Jean Goz, two and a half years old, 24 Bradley lane, who was run over by an auto in front of her home May 7 and died the next day; and Robert E. Mouser,

Hint To Retirees On Social Security

"Retired persons who have worked since filing their social security claim may be missing out on collecting a high monthly benefit check," said Ralph Brasher, district manager of the East St. Louis Social Security office.

Brasher added, "It is possible in some cases to refigure the monthly payments to give credit for money earned after an original claim for benefits is filed and proceeded to payment."

"This is particularly true," he said, "for those who have earned over \$2000 in at least one year after their original claim was made. Persons who filed and began drawing benefits at age 72 and continued to work could also qualify for higher benefits in many instances."

Brasher advised all persons who feel they might qualify to have their benefits refigured to get in touch with the Social Security office, located at 455 Missouri avenue, East St. Louis. The office is open to the public Monday through Friday, from 8:45 a.m. to 4:45 p.m.

Brasher emphasized that presenting evidence of additional earnings such as Form W-2 or income tax returns enables the Social Security office to more quickly determine the possibility of an increase.

Speeder Fined \$5
John E. Hartley, 20, of Caseyville, who was arrested Monday at East 2nd and Hall streets on a charge of speeding, was fined \$5 and costs during a hearing the same day before Police Magistrate Gasparovic.

Trio Pleads Innocent To Three Charges
"Two sisters and a brother, Mrs. Shirley Nulm, 27, Ardella Hubert, 23, and Robert Hubert, 20, all of 1329 Carr street, pleaded not guilty to three charges Monday when they appeared before Police Magistrate Gasparovic.

They were charged with creating a disturbance, profanity and assault on a warrant filed by Agathe Johnson. The trio was released on \$30 property bonds pending a hearing.

June 20 Last Day To Get Fireworks Permit

June 20th is the last day for any group of three or more persons, residing in an unincorporated area of Madison county, to apply for a fireworks permit for a Fourth of July display from the county clerk, Eudine Holt, at Edwardsville. The state law requires that application for a permit must be made at least 15 days prior to the display.

The Illinois laws require the display to be handled by a competent individual, designated by the chairman of the county board of supervisors. Applicants are required to list three responsible persons who would be in charge of the fireworks display. Madison county board chairman, designates one of the three to supervise the fireworks display.

The statutory provisions, relative to violations, are as follows: Any person, firm, partnership, or corporation violating the provisions of this act, by setting off a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$100 or by imprisonment in the county jail not exceeding 90 days.

To date, Miss Holt has issued permits to one group in the county. The fee set by Law is \$200.

GC Accident Rate Down During May, But Up For Year

While the traffic accident rate dropped in Granite City during May, from 99 in April to 78 last month, the total number of crashes for the five months of the year was 463, up 30 from the same period in 1962.

Last month's 78 crashes included 15 on Madison avenue, which is the city's most accident-prone street.

The totals for 1963 now stand at 463 accidents with 149 injuries and two deaths, compared to five-month totals for 1962 of 433, 124 injuries and two deaths.

As a result of the accidents last month, 27 motorists were arrested.

The 78 crashes in May were under the 86 prediction made by the police department. There were 82 accidents with 20 injuries and two deaths in May 1962.

Public Finance Problems To Be Topic At SWIU Conference

A Metro-East Conference on Public Finance Problems is to be held Monday at the Sunset Hill Holiday Inn.

The conference, sponsored by Southwestern Illinois University's Public Administration and Metropolitan Affairs Program, will survey the fiscal scene for local units of government in Madison and St. Clair counties. Participants also will explore the fiscal capacity of state and local government in Illinois in respect to the governmental responsibilities anticipated in the decade ahead and review current policy developments at the state level—particularly statutes adopted and bills pending in the current legislature.

The conference has been called in part by the recent publication of a study by SWIU business professor Leo Cohen, which brought together relevant public finance data for all the local units of government in Madison and St. Clair counties for the first time. Through data analysis

and construction of a series of indices, Cohen determined the relative fiscal capacity and the tax effort of each of the governmental jurisdictions.

At the morning session of Monday's conference, Cohen will review his work, discuss its meaning and tell how the data were developed. Professor Glenn Fisher of the Institute of Government and Public Affairs at the University of Illinois and Professor Irving Howards of the Government Department at SIU, will comment on Cohen's presentation and offer a critique of his report. Fisher and Howards have both been staff members of the Revenue Commission and have written on Illinois public finance.

After a luncheon session Professor Fisher, who is the author of Financing Government in Illinois, will discuss what can be done to meet the kinds of governmental expenditure expected

in the years immediately ahead. A session during the afternoon will be devoted to the topic, "The 72d General Assembly Public Finance Proposals," led by John R. Hemen, executive vice-president of the St. Clair County Taxpayers Federation.

Dr. Seymour Z. Mann, director of the Public Administration and Metropolitan Affairs Program at SWIU, in announcing the Metro-East Conference on Public Finance Problems said, "Today there are many serious problems with which state and local governments in the U. S. plan to deal."

Roles Of Local Governments
"Their capacity to handle and resolve these issues is literally going to determine how significant a role state and local governments will fulfill in the America of the future. There are no great issues, however, that are not tied to decisions that must be made on how we get monies for our public treasures and how we shall administer the collection and spending of that money for public purposes in pursuit of the general welfare."

Reservations can be made by calling the Public Administration and Metropolitan Affairs office at extension 304 through BRIDGE 4-2100, 656-3970, or HOWARD 2-0001.

Deposits may be made in local authorized banks, or Federal Reserve Banks, Philpott said.

Employers without a copy of Circular E, Employers' Tax Guide, may obtain one from the local Internal Revenue Office. This publication contains a full discussion of employment taxes as well as tables and percentage methods for computing such taxes.

Church Donates \$50 For Eagle Park Water

The Central Christian Church has donated \$50 to the Eagle Park Acres Improvement Association drive to obtain water service for the community.

Rev. James R. Craddock, minister, said the Eagle Park water problem "should be a concern to all responsible citizens of our community."

In a letter to Cleveland Johnson, president of the association, he said "we wish you well in your venture and hope that your interest, and interest of others will encourage you to rectify your drive to obtain water for the citizens of Eagle Park Acres."

"Your improvement association is to be commended for attempting to secure this vital service for your community."

The contribution was voted by the council of the church on the recommendation of its social and community action committee.

The association is urging residents and property owners to deposit \$103 with the First National Bank of Madison to help finance extension of water lines of the East St. Louis & Interurban Water Co. into the area. The goal is \$283,885, and the deadline is June 30. Johnson said more than \$13,000 is now on deposit.

Another Tonnage Record Set At Canal And Locks

Another record was set during May in tonnage passing through the Chain of Rocks canal and locks. It was reported this week by the U. S. Army Corps of Engineers.

Total tonnage was 3,266,395, of which 1,368,039 was headed upstream and 1,697,720 went downstream. Total tonnage for the year now stands at 11,146,763, compared to 10,417,290 for the same five-month period in 1962.

The traffic last month consisted of 778 towboats, seven passenger boats, 3526 barges and 202 private recreation boats, giving evidence of increased use of private boats on the river.

Only 33 private boats went through the canal and locks in April.

The year's tonnage has been handled by 16,235 vessels, com-

pared to 16,033 in 1962, and lockages through May numbered 296, down slightly from the 3403 for the five-month period in 1962.

Of the 3,266,395 tons in May, only 845 tons represented government freight. The remaining 3,265,550 was commercial.

The 1,368,039 tons going upstream included 508,565 tons of petroleum products, 247,000 grain, 372,240 coal, 1230 cement, sand and gravel, 55,850 sulphur, 289,115 miscellaneous commodities, 20,500 iron and steel products and 55,800 chemicals.

Downstream tonnage of 1,697,720 included 238,900 tons of petroleum products, 1,211,770 grain, 13,500 cement, sand and gravel, 94,530 miscellaneous commodities, 112,030 iron and steel products and 25,950 chemicals.

Another Bridge Traffic Record Despite Fire

Another McKinley Bridge traffic record—one is set almost every month—was established in May despite a fire Friday night, May 3, that temporarily put the bridge out of business.

Traffic on the first week totaled 95,514 vehicles, rising to 97,503 in the second week, 96,620 between May 15 and 21, and 85,821 in the fourth week, with 39,243 in the last three days of the month.

The month's total of 424,753 compares with 418,606 crossings in May 1962, 353,643 in May 1961, 350,539 in May 1960 and 329,379 in May 1959.

Crossings averaged 13,701 a day during the past month, compared to 13,960 the previous month, 13,076 in March, 12,633 in February and 12,155 in January.

For the first eight months of the October 1962-September 1963 fiscal year, the traffic tally is 3,220,619, or well ahead of the 3,067,252 figure at a similar point a year ago, when the 12-month total was 4,742,868. A volume of 4,900,000 or 5,000,000 is possible this year.
